

## **INTRO TO COLLEGE**

### **WHAT'S YOUR DREAM?**

It all starts with a dream. Imagine everything you want could come true...

What is your dream life? Write down whatever comes to mind.

What is your dream job/career? (list more than one if you have several in mind)

Where is your dream city or location to live?

Who are three people living a life you would want to live? (family, friends, strangers)

Does it scare you to dream big? Yes or No

If yes, why does it scare you? If no, why doesn't it scare you?
